

Fernbrook Farms Environmental Education Center

Afterschool Program

At Fernbrook Farms Environmental Education Center, kids can learn about, explore, and grow in the outdoors throughout the year in our Afterschool Program. Whether they are working on the survival shelter they have built themselves or learning a new skill, there's always something exciting to do at Fernbrook

Instead of spending your winter afternoons on the computer, you could spend them playing at Fernbrook Farms. In these cold winter months, what could be better than roasting marshmallows over a warm campfire. From sledding and snowball fights to igloos and ice-fishing; Fernbrook has your winter afternoons covered.

Our afterschool program runs from 3:30-6 with recommended drop-off** from 3:30 - 4. You can come for 1 hour or all 2.5 hours.

Register for a single day, a single week, or one day/week all month long...the options are endless.

Cost is \$6/hour and payments are processed at the end of each month.
