January 21, 2021

Dear Chesterfield Elementary School Community,

Happy Thursday! We returned to in-person instruction this week and we were happy to see our students and teachers back in the building. When we began the school year, we had approximately 46% of our student population who opted for fully remote instruction. As we've progressed through the school year and the pandemic, the number of students participating in in-person instruction versus those who are fully remote has flipped. As of today, 54% of our students are participating in remote instruction while 46% are participating in one of our in-person instructional models. It's important to remember that we are still in the middle of this pandemic, but we all look forward to the day we can have all of our students return to the building.

The COVID-19 Weekly Health Report for the month of January is below. As a reminder, historical data from September – December 2020 can be found by clicking on this link <https://www.chesterfieldschool.com/Page/2902>.

COVID-19 Weekly Health Report

Week of.....	# of Positive Cases in School	# of Students/Staff Sent Home Due to Symptoms	# of Students/Staff Quarantined & Why	# of Incidents of Non-Compliance
