April 29, 2021

Dear Chesterfield Elementary School Community,

Our transition to 5-day per week in-person instruction continues to run smoothly. We've been taking advantage of the warmer weather for our students to get outside for breaks when needed. I am pleased to report that we have 58% of our students participating in the in-person instructional model.

As more people are vaccinated and restrictions begin to lift, we are all beginning to see our new normal emerge. However, we also understand that the pandemic continues to rage in countries around the world. We are a diverse community, and we understand that many families may have ties with family members in other countries. If your family is experiencing a difficult situation with a family member abroad, please know our school counselors are here to support your children. Please do not hesitate to reach out to our counselors Mrs. Christiansen or Mrs. Khalifa if needed.

Hopefully you noticed that last week was the first week we experienced no positive cases, no students or staff sent home due to symptoms, no students or staff quarantined, and no incidents of non-compliance since we started recording this data. Unfortunately, it is not the same for this week, but it is still a good sign to see these numbers decrease. As part of the Southwest Region in the State, we have moved from the High-Risk level to the Moderate Risk level, and this is another positive sign.

The COVID-19 Weekly Health Report for the month of April 2021 is below. As a reminder, historical data from September 2020 – March 2021 can be found by clicking on this link:

<https://www.chesterfieldschool.com/Page/2902>.

COVID-19 Weekly Health Report

Week of.....	# of Positive Cases in School	# of Students/Staff Sent Home Due to Symptoms	# of Students/Staff Quarantined & Why	# of Incidents of Non-Compliance
