Office of the Principal

May 15, 2019

On May 7, 2019, Mercer County's Sunshine Foundation was again the sponsor of 'Operation Dreamlift, a project that sends students to Disney World for one magical day. This wonderful project has been taking place for decades and enables students that have never been to Disney to experience Magical Kingdom. There is no financial charge to the families of participating students.

This is the second year Chesterfield students have been a part of Operation Dreamlift and this year we were able to send seven of our students. Accompanying them were Ms. Melissa Carlton, our school psychologist, Mr. Ruben Moncada, our World Language teacher, and Michael Mazzoni, our school principal. All of our students had a wonderful experience and one that they will never forget.

As a school district and community our partnership with Sunshine Foundation is one we need to continue to support and grow because it has numerous lifelong benefits for our students. Sunshine Foundation runs many fund raisers throughout the year to make this trip possible. Please consider supporting them in any way possible.

Chesterfield Elementary School strives to build a premier institution of learning where students are challenged to their fullest potential in a safe and caring environment.
