Dear Parent/Guardian:

Our SEPAG (Special Education Parent Advisory Group) is continually looking for ways to connect and provide resources and supports for all of our students (not just those receiving special education services). In consideration of our community members busy schedules and desire to provide the best for their children we are working to occur resources in an array of formats. We are working to provide both in-person and virtual opportunities to network, workshops and webinars. We are also looking to ensure our families have access to outside resources that may be beneficial. Based upon feedback received we are planning the following meetings/presentations:

- Virtual workshop on **'IEP vs. 504 Supports'** to be held on April 18th @ 12pm. This will be recorded and shared out for those unable to attend. Google Meet invite will be placed on the school website.
- Virtual presentation is scheduled for March 21st at 12pm - 1pm. The topic is **'Behavioral Supports at home'** presented by our BCBA, Amy Fabritz. This will be recorded for those unable to attend. Google Meet invite will be placed on the school website.

To further our commitment to providing resources, below please find information on an upcoming webinar provided by SPAN Parent Advocacy Network. Looking forward to seeing you all there at one or all of the presentations/meetings. Any questions please reach out. Looking forward to seeing you soon!
