March 18, 2020

Dear Parents/Guardians/Caring Adults,

I hope this letter finds you and your family doing well as we have entered into this first week of remote learning. This is a challenging time for all as we learn, side by side, how to navigate this new reality. By now, you have heard from Mr. Heino and the teachers about how to access the Remote Learning Plans on our website. This letter is to provide some more information regarding the remote learning for some of our specialized areas. The links for these specialized areas are found on the grade level pages within the Remote Learning Plans.

For the special areas Art, Library, Music, Physical Education/Health, Technology, and World Language, you and your child should choose one special area a day and complete the assignment for that week. If you have any questions regarding the lessons, please reach out to the individual specialists.

Also available on the grade level pages are links to specialized areas such as Basic Skills (BSI), English as a Second Language (ESL), and Gifted and Talented (G&T). If your child receives any of these services, please use these links to view the assignments for that week. Please reach out to these teachers with any questions.

Our counselors have also provided some resources for you and your child during this time. Please use their link on the grade level pages to access resources to support the social and emotional wellbeing of our students.

As we move through the next few weeks, we will learn from each experience and adapt. Your continued support as we move forward is appreciated.

Sincerely,

Jeanine May-Sivieri

Chesterfield Elementary School strives to build a premier institution of learning where students are challenged to their fullest potential in a safe and caring environment.
