

Dear Parents and Guardians,

We did it! We made it through one of the most challenging school years ever. Summer is finally upon us and with that, I would like to offer some suggestions for summer reading for your children. It is important for students to keep reading throughout the summer as it builds on their current reading skills, provides enjoyment and offers information all about the world around them.

If you would like some suggestions for summer reading, please visit the following link: <https://www.bcls.lib.nj.us/kids-recommendations>. This link will give lists of suggestions for students by grade level.

Have a safe and happy summer! Keep on reading!

Sincerely,

Mrs. Laura DiMeola
